OTTERBURN LITHIA AND MAGNESIA WATER,

THE GREAT REMEDY FOR DYSPEPSIA, LIVER, AND KIDNEY DISEASES.

WHAT JUDGE FARRAR (JOHNNY REB) SATS OF IT. DEATONVILLE, VA., February 15, 1883. AT MANLY B. RAMOS & CO.'S MUSIC STORE | General George J. Hundley: I have used your "Otterburn Water" with great relief, and it gives me pleasure to give it my hearty commendation. It has remarkable efficacy in Dyspepsia and Debility. With me it promotes Digestion, induces sleep and strengthens the system, and is a flae appetizer. Last ammer my son came from the University a great sufferer from indigestion and nervous prestration. The Water was of incalculable benefit to him.

Yours truly,

F. M. FARRAR.

WHAT MAJOR R. F. WALKER (LATE PUBLIC PRINTER) THINKS OF IT. I have been suffering for years with a complication of Liver and Kidney trouble, suffering great pain in the region of the Kidney; and having my attention called to the "Otterburn Lithia and Magnesia Water," I commenced to use it, and never experienced such relief from anything. The very first half gallon increased the flow of urine and cleared it up. My appetite has been restored, and I feel that I cannot commend the Water too highly.

RICHMOND, VA., May 6, 1887.

I commenced the use of the "Otterburn Lithia and Magnesia Water" about April 1st of this year for Dyspepsia, both my wife and myself suffering from that disease—my wife at that time not being able to drink more than two spoonfuls of ordinary water at one time. Whan the Otterburn Water was received she commenced by drinking a large gobiefful, which she said was pleasant to the atomach. Since using the Otterburn Water she has no trouble of that sort, and she has sant to the atomach. Since using the Otterburn Water she has no trouble of that sort, and she has safering with Dyspepsia.

I will cheerfully answer any letter I may have on the subject.

AMELIA COUNTY, March 17, 1888,

After three or four years' suffering with Kidney trouble, during which time I had a constant dull, heavy pain, at times becoming a rute, in the region of the Kidneys, I was permaded to try the "Otterburn Water." I had no faith in any mineral water, but once persuaded to try it I gave it a fair itet. For six weeks I used no other water and no medicine, and within week all pain disappeared, and since the 58th of January last I have gained nineteen pounds in flesh and my strength and energy have been restored. Soon after I was attacked with the disease I consulted Dr. James R. Nalle, of Richmond, who, after making a scientific examination and test, pronounced my disease an affection of the Kidneys.
